

HARDMAXX

CARBIDE

MILLING PRODUCTS

PRECISION. PERFORMANCE. DURABILITY.

HIGH PRECISION

Advanced geometry for smooth cutting and superior accuracy.

EXCELLENT DURABILITY

Tough substrate and optimized coating ensure long tool life and reliability.

BETTER SURFACE FINISH

Ensures superior surface quality with reduced vibration and chatter.

WIDE APPLICATION

Suitable for a wide range of materials and machining conditions.

INSERT GRADES FOR ALL MATERIALS

HC335, HC9335, HC730U, HC6522 and HC6215H

STRONG SUBSTRATE

High toughness substrate ensures excellent wear resistance and stability.

ADVANCED COATING

Superior coating technology improves wear resistance and heat resistance.

WIDE MATERIAL COMPATIBILITY

Ideal for Steel, Stainless Steel, Cast Iron, Super Alloys, and Hardened Materials.

CONSISTENT PERFORMANCE

Reliable performance in roughing, semi-finishing and finishing operations.

LONG TOOL LIFE

Optimized edge design for extended tool life and reduced downtime.
